### *Help us Build a Skatepark in Perinton!*

Support from our local businesses and organizations will help us build a destination-level skatepark in the Town of Perinton. A skatepark that will not only provide a free, safe, and dedicated space for kids and adults to enjoy wheeled-sports, but one that will draw in skaters from around the region.

The Town has selected the place for our skatepark - Perinton Park, an inclusive and central location. Now, we need to make it happen. While the project received a grant from New York State and funding from the Town, we need your help to close the gap.

This is your opportunity to join us and support our grassroots movement. We are a group of parents, neighbors, and community advocates who have worked for several years to see this project come to life. With the support of the Town and State, we are incredibly close, but your financial support will make this dream become a reality.

You can help us build a skatepark in Perinton by becoming a Bronze, Silver, or Gold sponsor. Sponsors will receive recognition on the skatepark's signage in Perinton Park. It's a great way to support our local community and promote a healthy, active lifestyle for our young people!
